A membership fee of \$50 is required for all participants in the Garden for one plot (for May through October) or \$60 (for year-round gardening). Fees must be paid before the plot can be assigned. The fees are used to pay expenses of the Community Garden (water bills, insurance, etc.). Additional plots may be available for \$15 for each seasonal plot and \$25 for each year round plot.

Each gardener is expected to help with food bank bed preparation, planting and during the season with general garden chores. Maintenance chores will be assigned to all but we will try to take your choices into consideration. Additional requirements are specified in the Mountain Community Garden Contract, Rules, Terms and Conditions for Participation, below. Please mark three preferences for maintenance tasks:

- ___ Mowing
- ___ Weeding
- ___ Construction projects
- ___ Watering
- ___ Composting
- ___ Food Bank Harvesting and Delivery

I have read and signed the Community Garden Rules and understand that failure to meet the guidelines will result in loss of gardening privileges.

MOUNTAIN COMMUNITY GARDEN CONTRACT Rules, Terms, and Conditions for Participation

The Mountain Community Garden will strive to operate under a democratic, transparent process. Garden membership is open to all community members. All members help to determine how the garden operates. Since the Mountain Community Co-op sponsors the Garden the Co-op Board may also provide some oversight regarding the Community Garden activities but day-to-day operations are the responsibility of the Community Garden members.

Garden site registration begins Feb 1 and sites will be assigned on a first-come, first-served basis. If plots are not leased by May 1, garden members will plant remaining beds for the food bank or use them for experimental or demonstration gardening plots. **Payment for plots is due no later than May 1.**

All gardeners are expected to maintain their own plots and surrounding areas (weed-free) as well as assisting in maintaining the communal Garden areas. Participants will agree to assigned shared chores. If users don't participate at the expected level, you will receive three warnings (described below) from the Garden Coordinator. After that, you forfeit your plot including all plants and produce. Produce will be donated to the food bank.

Opportunities to participate will be provided through periodic work parties and routine assignments of work tasks to all members.

All users will sign a contract agreeing to terms of participation including a "hold harmless" agreement.

Breaking any rules, terms, and conditions is cause for exclusion from the garden and loss of your plot.

1. You will receive one verbal or written warning from the garden coordinator.
2. If no response or correction has been made, you will receive written notice one week later.
3. In another week, if no response or correction has been made, you will receive written final notification that you have forfeited your gardening privileges and plot.
4. You will be allowed to reapply for another garden plot only after one year, and only at the discretion of the Garden membership.
5. If we are unable to locate you to notify you of issues or problems associated with caring for your plot, any remaining produce will be donated to the food bank.

Rules, Terms, and Conditions for Participation

If accepted as a gardener, I will abide by the following rules, terms, and conditions:

1. I use this garden at the sole discretion of the Mountain Community Garden. I agree to abide by its policies and practices.
2. The annual membership fee for the use of the garden is \$50 for primary growing season (March through October) or \$60/year-round due upon registration. **If you purchase a year-round plot, you are also responsible for assisting in maintaining the Garden year-round, although there are significantly less tasks involved during November through March than during the primary growing season (mid-April through October). Additional plots are \$15 for primary season and \$25 for year-round growing. There are no refunds. All payments must be received by May 1.**
3. Once I have been assigned a plot, I will cultivate and plant it by **no later than June 15**. I will garden throughout the season (May through October), or year round if I choose that option. 5. I will use only organic gardening techniques and will not apply any chemical pesticides or herbicides in the garden.
6. I will keep my plot, paths, and surrounding areas clean and neat. I will completely remove my trash and compost acceptable dead plants, leaves, and other green waste plant parts. I will put only garden compostable materials in the areas designated specifically for this and place weeds in the designated location. Anything I bring from my home I will take back home.
